

# Join PHAN's Public Health Education Section!

PHAN's **Public Health Education** Section is an exciting new section that provides opportunities for those involved in health and wellness education to network, share resources and ideas, determine training and funding needs, as well as strengthen collaborative efforts between health educators across the state.

In 2009, the **Public Health Education** Section plans to:

- Provide support, networking opportunities and develop relationships with other health education organizations
- Investigate developing a Society for Public Health Education (SOPHE) chapter
- Explore developing Certified Health Education Specialist (CHES) continuing education opportunities
- Provide members with health education sessions presented by Public Health Educators

---

For information on how to become a member of PHAN and the **Public Health Education** section, please contact Rita Parris at (402) 483-1039, or visit [www.publichealthne.org/membership.htm](http://www.publichealthne.org/membership.htm).
